<b>Office Action Summary</b>	<b>Application No.</b> 10/593,562	<b>Applicant(s)</b> OKADA ET AL.	
	<b>Examiner</b> Scott Bushey	<b>Art Unit</b> 1797	

**-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --**

**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 20, 21, 25, 28, and 31 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Hall (Fig. 2; col. 2, lines 42-52).

3. Claims 20-22, 24-28, and 31-33 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by JP 54-36357 (Figs. 1-3; note especially the slit or notch (7) in the humidification element (6) of the Figures).

4. Claims 20, 21, 25, 28, and 31 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Steiner (Figs. 1-7; col. 3, lines 1-6).

### ***Allowable Subject Matter***

5. Claims 1, 2, 4-19, and 34-42 are allowed for the reasons of record.

6. Claims 29 and 30 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Response to Arguments***

7. Applicant's arguments filed March 23, 2010 have been fully considered but they are not persuasive. Initially, it is noted that applicant refers often throughout the remarks sections to the Stengel reference, which although cited by the Examiner in the

Art Unit: 1797

previous Office action, was never applied to the claims of the instant application. It is thus evident that any arguments directed to the applicability of the Stengel reference to the instant claims are irrelevant to the issues at hand. With regard to instant claim 20, as amended and argued in the reply filed March 23, 2010, as instantly recited, claim 20 only requires a member being folded along a center fold portion in a zigzag shape, which is taught by each of the applied references (note Figs. 2 and 3 of Steiner, for example). With regard to the sketches and arguments related thereto, as set forth on pages 15 and 16 of the reply filed March 23, 2010, the claims are not limited to the center fold portion ever being placed on the inside bottom of a container or cup. With regard to instant claim 31, specifically the language directed to the humidifying segment being connected by a connecting portion, clearly each of the applied references teach that their respective elements are connected to one another and to at least a portion of the device by a connecting means or element, i.e., there is contact between the humidifying portions and there is contact between the humidifying element and the device which houses the element.

### ***Conclusion***

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1797

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
